

REMARKS

Further to the Amendment filed on April 2, 2010, Applicants attach herewith an Appendix, which had been inadvertently not provided with the Amendment of April 2, 2010, that provides an overview as to the different possibilities for the radical V in formula I as set forth in claim 32.

In view of the above, Applicants believe that the present application is in condition for allowance at the time for the next official action.

Respectfully submitted,
BACON & THOMAS, PLLC

Appendix

The Appendix includes the following item:

- an overview as to the different possibilities for the radical V in formula I as set forth in claim 32

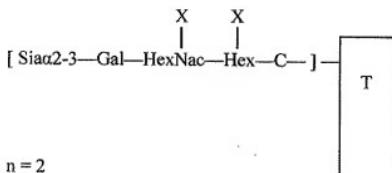

1. $V = OH$

$n = 1$

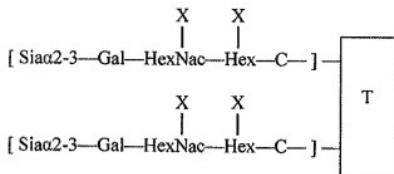

2. $V = \text{connecting point on a carrier } T$

2.1. $n = 1$

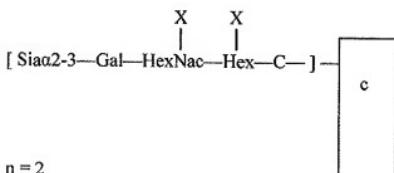

2.2. $n = 2$

3. $V = \text{connecting point on a carbohydrate residue } C$

3.1. $n = 1$

3.2. $n = 2$
